'MEOWSTER CHEF' By Sarah Speedie

Tonight is the night. The show of the year. The crowds hurry in, ready to cheer! Just one of these cats will win the chef's crown, and the keys to a sparkly new restaurant in town. But... with a splash of hijinks and a dash of drama, will any of these contestants make it to the end and be crowned Meowster Chef? Or will their big ideas go up in flames?

QUESTION: The idea for Meowster Chef is based loosely on what TV Show?

ACTIVITIES

- Ideas for stories are everywhere, even using TV shows. What TV show can you think of to use as a story idea? Google the TV Guide for ideas.

Use your imagination to give it a different title from the TV show. Here's a couple: Australian Ninja Worrier (a ninja who is always worried). Sesame Seed Street (all about a sesame seed). Use your imagination!!

- Sarah says try not to use everyday words like run – use words like dash, scoot, zip, or zoom. They give your story more LIFE!

Think of two everyday words such as **walk** or **sleep**. Now come up with as many other words that mean the same thing.

- Take a story you've written and see if you can edit it

Katrina Germein uses lots of puns in her 'My Dad Thinks He's Funny' series

- What is a pun?
